ABOUT THE CONFERENCE

Healthy women build healthy families, strong communities and productive economies. They are primary caregivers, major workforce participants and often face unique health issues and barriers (reproductive, hormonal, mental health). Their well-being directly impacts future generations and societal stability. Prioritising women's health reduces disease burden, boosts economic growth and creates more equitable, resilient societies.

The Women's Conference aims at empowering Ayurvedic women through skill development, entrepreneurship, leadership, knowledge sharing, and promoting the theme "Swastha Naari - Sashakta Bharath."

Viswa Ayurved Parishad is a national NGO working for the development and promotion of Ayurveda among doctors, students, pharmaceutical companies, herbal growers, exporters, and all stakeholders connected with Ayurveda.
